

Help Out on State Natural Areas

Hogback Prairie Workday Crawford County

Beat back brush at Hogback! Join the effort to restore Hogback Prairie SNA. The hogback is known for its striking geology, dry prairie, rare plants, and rare animals. Due to efforts by DNR crews in recent years the site quality is improving and the prairie is expanding. However, invasive brush remains a threat and more hands are needed to remove it and encourage native plants to thrive. DNR crews will be working here and welcome volunteer help during that time. The work requires energy and is on steep terrain. No skills needed you will be trained onsite.

Info about Hogback:

<http://dnr.wi.gov/topic/Lands/naturalareas/index.asp?SNA=334>

Dates: January 9th, 24th, Feb 12th
